### SUMMARY OF BILL

Under the Administration of Franchise and Income Tax Laws, this bill would allow taxpayers to designate a contribution on the tax return to a newly created Animal Population Control Fund.

### SUMMARY OF AMENDMENT

The June 13, 2000, amendment specifies in both the fund allocation language and the legislative intent language that the California Veterinary Medical Foundation, the California Animal Control Directors Association, and the State Humane Association of California would select a limited number of other organizations to be consulted in developing an animal population control program. Those organizations must be dedicated to addressing the problem of pet overpopulation.

The remainder of the department's analyses of the bill as amended March 29, April 11, and May 22, 2000, still apply. The technical consideration and Board position are restated below.

### TECHNICAL CONSIDERATION

This bill provides that any contribution made after the fund's repeal should be transferred and disbursed as would have been required had the fund not been repealed. This language is not necessary and should be deleted as it is provided in a general section applying to all voluntary contribution funds.
